Board of Estimate's Committee Invites President Gawtry to a Conference on Cheaper 6-18- Disposition, Now, to Packitate Removal of Plant to Astoria.

President H. E. Gawtry of the Consolideted Gas Company met in conference at the City Hall yesterday Mayor Low, Comptroller Grout, President Fornes of the Aldermen and Commissioner Monroe of the Department of Water Supply, Gas and Electricity. The conference was not sought by Mr. Gawtry. When Col. Monroe brought forward his proposition some months ago to obtain legislative sanction for a municipal lighting plant the Board of Estimate passed favorably on the suggestion after only a few moments' discussion and despite the recommendation of one member of the board that it might be well, to ascertain if the lighting companies would not make more favorable terms with the

not make more favorable terms with the city.

The bill was defeated at Albany and then Commissioner Monroe asked for permission to readvertise the lighting contracts on the ground that the bids which had been submitted were unreasonable. The matter was referred by the Pourd of Estimate to a committee consisting of Messis. Low, Grout and Fornes. The first thing that committee did was to open negotiations with

Low, Grout and Fornes. The first thing that committee did was to open negotiations with the Consolidated company. The result was yesterday's conference. Mr. Gawtry, is is understood, told the city officials that he was perfectly willing to supply the public lighting as cheaply as possible if the city would show even a slight disposition to act fairly toward the company.

The Consolidated company wishes to remove its plant to Astoria, a plan that would mean the carrying away to a large extent of the many gas tanks which now disfigure the waterfronts of Manhattan. To make this change it would be necessary for the company and its allied companie, to lay pipes under the East River and also in Long Island City. When a bill was introduced in the Legislature permitting the improvement there were cries of "Grab!" and the bill was vetced by the Mayor.

The result of yesterday's conference in the Mayor's office would seem to show that the city officials have changed their minds as to the "grab" character of the bill. Mr. Gawtry was asked to submit in writing a statement of just what his company wanted from the city in the nature of new facilities and to embody in the report recommendations as to the disposition of the

facilities and to embody in the report recom-mendations as to the disposition of the waterfront property it is anxious to vacate.

CONGREGATIONALISTS OUT OF IT. and Methodist Protestants.

BALTIMORE, June 1 .- The committee com-Brethren, Methodist Protestant and Congregational churches appointed to work out a basis of union between the three denominations was in session from Wednesday until Friday of last week in the First Congregational Church of Washington. The meetings were held behind closed doors, and but little has been given out to the

public.

It was learned here to-day, however, that no basis of union could be effected that would be satisfactory to the Congregationalists and that any further effort to include them in the uniting bodieswill not be pushed. The United Brethren and the Methodist Protestant churches are making substantial progress toward union. Bishop Mills, Annville, Pa.; Dr. W. L. Weekly and W. R. Fink, Dayton, Ohio; the Rev F. S. Tagg, Baltimore; Dr. M. L. Jennings and Dr. George Schaffer, Pittsburg, were appointed a committee to draft a constitution for the united churches. They will be ready to report in January. The name agreed upon for the united churchis kept a secret.

The United Brethren Church has a membership of 24,000 and the Methodist Protestant Church over 20,000, so that that the united bodies will begin with a membership of bodies will begin with a membership of nearly \$0,000. As the Methodist Protestant Church has recently published a new hymn book, it is thought it will be adopted as the hymnal of the church.
